Eco Solvent Ink: Printing Is Smooth And Colorful

For Epson R4880/7880/9880/7800/1390

Eco Solvent Ink is a high-quality and environmentally-friendly ink that is specially designed for use with Epson R4880/7880/9880/7800/1390 printers. This versatile ink is perfect for printing on various materials such as metal, acrylic, glass, PVC, and plastic, making it a great choice for a wide range of printing needs.

Green Solvent Ink for a Greener Future

Eco Solvent Ink is a green solvent ink that is made with eco-friendly materials and production processes. This not only reduces the environmental impact of printing, but also ensures that the ink is safe for both users and the environment.

High Color Saturation and Fade-Resistant

With its advanced technology, Eco Solvent Ink offers high color saturation, resulting in vibrant and eye-catching prints. The ink is also fade-resistant, ensuring that your prints will last for a long time without losing their original colors.

Waterproof and Durable

Eco Solvent Ink is waterproof, making it perfect for outdoor use or for items that may come in contact with water. The ink is also highly durable, making it suitable for use on items that require frequent handling or exposure to different environmental conditions.

Wide Color Gamut for Stunning Prints

With its wide color gamut, Eco Solvent Ink offers a wide range of colors, allowing for more accurate and detailed prints. This makes it a great choice for printing high-quality images, graphics, and text.

Compatible with Epson R4880/7880/9880/7800/1390 Printheads

Eco Solvent Ink is specifically designed for use with Epson R4880/7880/9880/7800/1390 printheads, ensuring compatibility and optimal performance. This ink is easy to install and replace, making it a convenient choice for users.

High-Speed Printing for Efficiency

Eco Solvent Ink is formulated for high-speed printing, allowing for efficient production and quick turnaround times. This makes it a great choice for businesses and individuals who need to print large volumes of materials.

Original and New Condition for Reliable Performance

Our Eco Solvent Ink is guaranteed to be in original and new condition, ensuring reliable and consistent performance. This ink is manufactured with strict quality control measures, ensuring that each batch meets high standards.

Easy to Use for a Hassle-Free Printing Experience

Eco Solvent Ink is designed to be easy to use, making the printing process hassle-free and convenient. Simply follow the instructions for installation and enjoy the smooth and colorful printing results.

Upgrade your printing experience with Eco Solvent Ink – the high-quality, environmentally-friendly, and versatile choice for all your printing needs.

Packing and Shipping:

Packaging and Shipping for Eco Solvent Ink

Our Eco Solvent Ink is carefully packaged and shipped to ensure its quality and safety during transportation. Here's how we package and ship our product:

Packaging

Each bottle of Eco Solvent Ink is first sealed in a leak-proof plastic bag to prevent any spillage during transit. The plastic bag is then placed inside a sturdy cardboard box, along with a packing material such as bubble wrap or packing peanuts to provide extra cushioning and protection. The box is sealed and labeled with the necessary product information for easy identification.

Shipping

We offer both domestic and international shipping options for our Eco Solvent Ink. For domestic shipments, we use a reliable courier service that ensures fast and secure delivery to your doorstep. For international shipments, we use trusted international carriers to ensure timely and safe delivery of our product to your desired location.

We also offer expedited shipping options for urgent orders, with additional charges applied.

Rest assured, we take great care in packaging and shipping our Eco Solvent Ink to ensure it reaches you in perfect condition.
